

A DECADE OF DISCOVERY CENSUS OF MARINE LIFE 2010

Census of Marine Life Participants 2000-2010

Raza Abidi, Dalhousie University, Canada
Jo Acebes, Asia Research Center, Philippines
Arturo Acero, Universidad Nacional de Colombia, Colombia
Shanta Nair Achuthankutty, National Centre for Antarctic and Ocean Research, India
C.T. Achuthankutty, National Institute of Oceanography, India
Colleen Adam, DIVERSITAS, France
Sarah Adamowicz, University of Guelph, Canada
Nathan Adams, United States
Helena Adão, University of Évora, Portugal
Adrian Aebischer, University of Bern and Museum Fribourg, Switzerland
Steven Africk, Acentech Inc, United States
Vikram Agadi, National Institute Scientific Communication & Information Resources, India
Yogi Agrawal, Sequoia Scientific, United States
Maite Aguado, Universidad Autónoma de Madrid, Spain
Anelio Aguayo-Lobo, Instituto Antartico Chileno, Chile
Paula Aguiar, University of the Azores, Portugal
John Ahearn, Museum Victoria, Australia
Sayyed Ahmed, Sultan Qaboos University, Sultanate of Oman
Shane Ahyong, National Institute of Water & Atmospheric Research (NIWA), New Zealand
Jim Aiken, Plymouth Marine Laboratory, United Kingdom
Cameron Ainsworth, University of British Columbia, Canada
Laura Airoidi, Università di Bologna, Italy
Belinda Aker, National Oceanography Centre, Southampton, United Kingdom
Dag Aksnes, University of Bergen, Norway
Farid Al-Abdali, Five Oceans LLC, Sultanate of Oman
Nasser Al-Azri, HMR Environmental Engineering Consultants, Sultanate of Oman
Adnan Al-Azri, Sultan Qaboos University, Sultanate of Oman
Monica Albuquerque, University Lusófona de Humanidades e Tecnologias, Portugal
Jacqueline Alder, UNEP, Kenya
Viviana Alder, University of Buenos Aires, Argentina
Juan Luis Aleget, Universitat de Girona, Spain
Yaroslava Alekseeva, Russian Academy of Sciences, Russia
Vera Alexander, University of Alaska Fairbanks, United States
Karen Alexander, University of New Hampshire, United States
Daniel Alexandrov, European University at St. Petersburg, Russia
J.R.B. Alfred, Zoological Survey of India, India

Hamed Al-Gheilani, Ministry of Fisheries, Sultanate of Oman
Jurgen Alheit, Baltic Sea Research Institute, Germany
Porfirio Alino, University of the Phillipines, Philippines
David Allan, University of Michigan, United States
Louise Allcock, National University of Ireland, Ireland
Alice Alldredge, University of California, Santa Barbara, United States
Ian Allison, Antarctic Climate & Ecosystems Cooperative Research Centre, Australia
M. Allison, Woods Hole Oceanographic Institution, United States
Jim Allman, Interrobang Digital Media, United States
Andreas Allspach, Forschungsinstitut Senckenberg, Germany
Hillal Al-Shaqsi, Ministry of Fisheries, Sultanate of Oman
Nouh Al-Sharji, HMR Environmental Engineering Consultants, Sultanate of Oman
Abdulaziz Al-Suwailem, King Fahd University of Petroleum & Minerals, Saudi Arabia
Claudia Alt, National Oceanography Centre, United Kingdom
Iris Altamira, University of Hawaii at Manoa, United States
Faiza Al-Yamani, Kuwait Institute for Scientific Research (KISR), Kuwait
Rudolf Amann, Max Planck Institute for Marine Microbiology, Germany
Linda Amaral-Zettler, The Marine Biological Laboratory at Woods Hole, United States
William Ambrose, Bates College, United States
Nadia Ameziane, Museum National D'Histoire Naturelle, France
Jim Ammerman, SUNY at Stony Brook, United States
Robert Andersen, Bigelow Laboratory for Ocean Sciences, United States
Ann Andersen, University Paris 6 at Station Biologique Roscoff, France
Robert Anderson, Bigelow Laboratory for Ocean Sciences, United States
John Anderson, College of the Atlantic, United States
Sean Anderson, Dalhousie University, Canada
Robert Anderson, Lamont-Doherty Earth Observatory, United States
Owen Anderson, NIWA, New Zealand
Scot Anderson, Point Reys Bird Observatory, United States
Charles Anderson, The Whale and Dolphin Company, Republic of Maldives
Marti Anderson, University of Auckland, New Zealand
Todd Anderson, University of California, San Diego, United States
Paul Anderson, University of Maine, United States
Cairistiona Anderson, University of Washington, School of Aquatic and Fishery Sciences, United States
David Anderson, Wake Forest University, United States
Katherine Anderson, York University, United Kingdom
Hans Georg Andres, Forschungsinstitut Senckenberg, Germany
Kelly Andrews, NOAA/NMFS NWFSC, United States
Russ Andrews, University of British Columbia, Canada

Vladimir Andronov, Institute of Oceanology, Russian Academy of Sciences, Russia
Martin Angel, National Oceanography Centre, United Kingdom
A.C. Anil, National Institute of Oceanography, India
Raule Anisa-Arsis, Spain
Arthur Anker, Florida Museum of Natural History (FMNH), United States
John Annala, Gulf of Maine Research Initiative, United States
Andrzej Antczak, Universidad Simon Bolivar, Venezuela
Maria Antczak, Universidad Simon Bolivar, Venezuela
Hiroshi AOyama, Kyoto University, Japan
Ward Appeltans, Flanders Marine Institute - VLIZ, Belgium
Ronan Apprioual, French Research Institute for the Exploitation of the Sea, France
Alfred Aquilina, National Oceanography Centre, Southampton, United Kingdom
Mary Arai, Pacific Biological Station, Canada
Claudia Arango, Queensland Museum, Australia
Antonio Aranis, Instituto de Fomento Pesquero, Chile
Elena Arashkevich, Shirshov Institute of Oceanology, Academy of Sciences of Russia, Russia
Philippe Archambault, Université du Québec - Rimouski, Canada
Jeff Ardon, Marine Conservation Biology Institute, United States
Francisco Arenas, University of Porto, Portugal
Zenetos Argyro, Hellenic Center for Marine Research, Greece
Michel Arhan, Ifremer, France
Leonardo Arias Alemán, Instituto de Investigaciones Marinas y Costeras - INVEMAR, Colombia
Zainal Arifin, Indonesian Institute of Science (LIPI), Indonesia
Ayaa Armah, University of Ghana, Ghana
E. Virginia Armbrust, University of Washington, United States
Sophie Arnaud, Ifremer, France
Hartmut Arndt, University of Cologne, Germany
Geoff Arnold, United Kingdom
Wolff Arntz, Alfred Wegener Institute for Polar and Marine Research, Germany
Kevin Arrigo, Stanford University, United States
Luis Artigas, CNRS UMR 8187 LOG, France
Tom Artois, Universiteit Hasselt, Belgium
Christos Arvanitidis, Hellenic Centre for Marine Research, Greece
Christos Arvanitidis, Institute of Marine Biology and Genetics, Hellenic Centre for Marine Research, Greece
Chittima Aryuthaka, Kasestart University, Thailand
Felipe Arzayus, National Oceanic and Atmospheric Administration, United States
Crispian Ashby, Fisheries Research and Development Corporation, Australia
Neil Ashcroft, University of Hull, United Kingdom
Anne Aspen, University of Bergen, Norway

Olafur Astthorsson, Marine Institute of Iceland, Iceland
Angus Atkinson, British Antarctic Survey, United Kingdom
Larry Atkinson, Old Dominion University, United States
Whitlow Au, University of Hawaii, United States
Holger Auel, University of Bremen, Germany
Charatsee Aungtonya, Phuket Marine Biological Center, Thailand
Christopher Aura, Kenya Marine & Fisheries Research Institute, Kenya
Peter Auster, University of Connecticut, United States
Jesse Ausubel, The Rockefeller University, United States
Defina Auxiliuio Muiocha, Instituto de Investigacao Pesqueira, Mozambique
Kenneth Awebro, Södertörns högskola, Sweden
Greg Ayres, CSIRO, Australia
David Ayriss, University of Hull, United Kingdom
Farooq Azam, Scripps Institution of Oceanography, United States
Javi Aznarez, Spain
Ulf Baamstedt, Umeå Marina Forskningscentrum, Sweden
Petter Baardsen, Institute of Marine Research, Norway
Keiji Baba, Kumamoto University, Japan
Amy Baco-Taylor, Florida State University, United States
Anna Baczewska, Institute of Oceanology Polish Academy of Sciences, Poland
Mohsen Badiy, University of Delaware, United States
Jenny Baeseman, University of Tromso, Norway
Maibritt Bager, Museum Amager, Denmark
Hina Baig, National Institute of Oceanography, Pakistan
Nicolas Bailly, Museum National D'Histoire Naturelle, Malaysia
Scott Bainbridge, Australian Ocean Data Joint Facility, Australia
Guy Baker, Marine Life Information Network, United Kingdom
Maria Baker, National Oceanography Centre, Southampton, United Kingdom
Frank Baker, University of Rhode Island, United States
D. Baker, United States
Ed Baker
Pamela Baker-Masson, Consortium for Oceanographic Research and Education, United States
David Balata, Università di Pisa, Italy
Elena Balestri, University of Pisa, Italy
Shannon Balfry, The University of British Columbia, Canada
Anne Ball, NOAA, United States
Lisa Ballance, Southwest Fisheries Science Center, United States
Matthew Bampton, University of Southern Maine, United States
Susan Banahan, Consortium for Ocean Leadership, United States

Colin Bannister, CEFAS Lowestoft Laboratory, United Kingdom
John Bannister
Manuel Barange, Plymouth Marine Laboratory, United Kingdom
Birkir Bardason, Marine Research Institute, Iceland
Roberto Bargagli, University of Siena, Italy
Michaela Barnard, University of Hull, United Kingdom
David Barnes, British Antarctic Survey, United Kingdom
Penelope Barnes, Malaspina Univeristy-College, Canada
Natalie Barnes, Natural History Museum, London, United Kingdom
Harry Barnes, Smithsonian Tropical Research Institute, United States
Ruth Barnich, Forschungsinstitut Senckenberg, Germany
Nancy Baron, SeaWeb/COMPASS, United States
John Baross, University of Washington, United States
James Barrett, University of Cambridge, United Kingdom
Elinor Bartle, University of Bergen, Norway
Peter Bartley, Australian Antarctic Division, Australia
Kyle Bartow, Harbor Branch Oceanographic Institute at Florida Atlantic University, United States
Ilse Bartsch, Naturmuseum und Forschungsinstitut Senckenberg, Germany
Manuela Bassoi, Universidade Federal do Rio de Janeiro, Brazil
Dan Basta, National Oceanic and Atmospheric Administration, United States
Ricardo Bastida, Departamento de Ciencias Marinas, Argentina
Carolina Bastidas, Universidad Simon Bolivar, Venezuela
Paola Batta Lona, Univ. of Connecticut - Avery Point, United States
Sonia Batten, Kintama Research Corporation, Canada
Adam Baukus, University of Southern Maine, United States
Julia Baum, NCEAS, United States
Timothy Baumgartner, Scripps Institute of Oceanography, United States
Francois Baurand
Giorgio Bavecstrello, Università Politecnica delle Marche, Italy
Nicholas Bax, CSIRO, Australia
Gastón Bazzino, Centro de Investigaciones Biológicas del Noroeste (CIBNOR), Mexico
Reginald Beach, National Oceanic and Atmospheric Administration, United States
Christopher Beach, University of Hull, United Kingdom
Robin Beaman, James Cook University, Australia
Richard Beamish, Fisheries and Oceans Canada, Canada
Doug Beard, U.S. Geological Survey, United States
Yannick Beaudoin, UNEP-Grid/Arendal, Norway
Stace Beauliu, Woods Hole Oceanographic Institution, United States
Michael Beck, The Nature Conservancy, United States

Mimi Becker, University of New Hampshire, United States
CJ Beegle-Krause, Applied Science Associates, United States
Alvaro Behnke, Pontificia Universidad Catolica de Chile, Chile
Oded Beja, Israel Institute of Technology, Israel
Nagender Nath Bejugam, National Institute of Oceanography, India
Tonnes Bekker-Nielsen, University of Southern Denmark Kolding, Denmark
Lee Belbin, Blatant Fabrications, Australia
Michael Belchik, Yurok Tribe, United States
Rita Bell, Monterey Bay Aquarium, United States
Salah Ben Cherifi, Institut National de Recherche Halieutique, Morocco
Leah Bendell-Young, Simon Frasier University, Canada
Lisandro Benedetti-Cecchi, Università di Pisa, Italy
Laura Bennett, Canadian Sea Turtle Network, Canada
Bryony Bennett, CSIRO Marine Research, Australia
Kim Benson, Moss Landing Marine Laboratories, United States
Scott Benson, National Marine Fisheries Service, United States
Mike Bentley, University of Durham, United Kingdom
Paul Bentzen, Dalhousie University, Canada
Barry Berejikian, NOAA/NMFS NWFSC, United States
Jorgen Berge, University Centre on Svalbard, Norway
Odd Aksel Bergstad, Institute of Marine Research, Norway
Eldredge Bermingham, Smithsonian Tropical Research Institute (STRI), Panama
Adriana Bermudez Tobón, Instituto de Investigaciones Marinas y Costeras - INVEMAR, Colombia
Patricio Bernal, IUCN Global Marine Programme, Switzerland
Landry Bernard, National Data Buoy Center / University of Southern Mississippi, United States
Angelo Bernardino, Universidade Federal do Espirito Santo, Brazil
Stefan Bertilsson, Uppsala University, Sweden
Iacaopo Bertocci, CIIMAR, University of Porto, Portugal
Ben Best, Duke University, United States
Mairi Best, University of Victoria, Canada
Marthan Bester, University of Pretoria, South Africa
Brian Bett, National Oceanography Centre, Southampton, United Kingdom
Juan Bezaury, The Nature Conservancy, United States
Volodymyr Bezrukov, University of Kiev, Ukraine
Mitrasen Bhikajee, University of Mauritius, Mauritius
Gregorio Bigatti, Centro Nacional Patagónico CENPAT, Argentina
Jude Bijoux, Seychelles Centre for Marine Research & Technology - Marine Parks, Seychelles
David Billett, National Oceanography Centre, Southampton, United Kingdom
Ross bin Haji Othman, University Kebangsaan, Malaysia

Kirsti Binkley, University of Hawaii at Manoa, United States
Graham Bird, United Kingdom
Tor Birkeland, Institute of Marine Research, Norway
Chuck Birkeland, US Geological Survey, United States
James Bisagni, University of Massachusetts, Dartmouth, United States
Manuel Biscoito, Museu Municipal do Funchal (História Natural), Portugal
Ramlal Biseswar, University of Durban, South Africa
Mary Anne Bishop, Prince William Sound Science Center, United States
Robert Bison, Province of British Columbia, Canada
Asmund Bjordal, Institute of Marine Research, Norway
Katarina Blachowiak-Samolyk, Institute of Oceanology, Polish Academy of Sciences, Poland
Donna Blackman, IGPP, Scripps Institution of Oceanography, United States
Bob Blais, Goldman Sachs, United States
James Blake, AECOM Marine & Coastal Center, United States
Steve Blake, ANZLIC - The Spatial Information Council, Australia
April Blakeslee, Smithsonian Environmental Research Center, United States
Wade Blanchard, Dalhousie University, Canada
Arny Blanchard, University of Alaska Fairbanks, United States
Maria Blanco, National Oceanography Centre, Southampton, United Kingdom
Leocadio Blanco Bercial, University of Connecticut at Avery Point, United States
Magdalena Blazewicz-Paszkowycz, University of Lodz, Poland
Clint Blight, University of St. Andrew's, United Kingdom
Barbara Block, Stanford University, United States
Bodil Bluhm, Univ. of Alaska Fairbanks, United States
Stan Blum, California Academy of Sciences, United States
Jessie Bluvias, Rutgers University, Institute of Marine and Coastal Sciences, United States
Marzia Bo, Università Politecnica delle Marche, Italy
Phil Bock, Museum Victoria, Australia
Matthew Boeckner, Canada
Markus Boeggemann, Hochschule Vechta, Germany
George Boehlert, Oregon State University, United States
Dee Boersma, University of Washington, United States
Donald Boesch, University of Maryland Center For Environmental Science, United States
Antje Boetius, Max Planck Institute for Marine Microbiology, Germany
Phillip Bogden, Gulf of Maine Ocean Observing System, United States
Christofer Boggs, NOAA/NMFS PIFSC, United States
Chuck Boggs, University of Idaho, United States
Steven Bograd, NOAA Pacific Fisheries Environmental Laboratory, United States
Margot Bohan, National Oceanic and Atmospheric Association, United States

Jens Bohn, Bavarian State Collection of Zoology, Germany
James Bohnsack, NOAA- NMFS, United States
Julio Bohórquez, Instituto de Investigaciones Marinas y Costeras - INVEMAR, Colombia
James Bolger, Vancouver Aquarium Marine Science Centre, Canada
Henk Bolhuis, NIOO-KNAW, Netherlands
Kathrin Bolstad, AUT, New Zealand
Jeffrey Bolster, University of New Hampshire, United States
John Bolton, University of Cape Town, South Africa
Demetrio Boltovskoy, Universidad de Buenos Aires, Argentina
Bruno Bomble
Farnis Boneka, University of Sam Ratulangi, Indonesia
Elizabeth Borda, Scripps Institution of Oceanography, United States
John Boreman, Gulf of Maine Ocean Observing System, United States
Manoj Borkar, Carmel College for Women, India
Christian Borowski, Max Planck Institute for Marine Microbiology, Germany
Emmanuel Boss, University of Maine, United States
Helen Bostock, NIWA, New Zealand
Philippe Bouchet, Museum National d'Histoire Naturelle, France
Chloe Bourmaud, Universite de la Reunion, France
Anne Bousquet, French Research Institute for the Exploitation of the Sea, France
Andre Boustany, Duke University, United States
Jim Boutillier, Fisheries and Oceans Canada, Canada
David Bowden, NIWA, New Zealand
Ray Bowering, Northwest Atlantic Fisheries Center, Canada
Geoff Boxshall, Natural History Museum London, United Kingdom
Daniel Boyce, Dalhousie University, Canada
Peter Boyle, University of Aberdeen, United Kingdom
Ingrid Brack, University of Southern Maine, United States
Ian Bradbury, University of Windsor, Canada
Janet Bradford-Grieve, NIWA Wellington, New Zealand
David Bradley, Pennsylvania State University, United States
Russell Brainard, National Oceanic and Atmospheric Administration, Pacific Islands Fisheries Science Center, United States
Simone Brandao, Universität Hamburg, Germany
Stephen Brandt, Oregon Sea Grant, United States
Angelika Brandt, University of Hamburg, Germany
Pierre Branellec, French Research Institute for the Exploitation of the Sea, France
Robert Branton, Dalhousie University, Canada
Angelique Brathwaite, Coastal Zone Management Unit, Barbados
Torleiv Brattegard, University of Bergen, Norway

Melinda Braun, Wildlife Computers Inc, United States
Greg Breed, Dalhousie University, Canada
Justin Breen, Dalhousie University, Canada
Nils Brenke, Forschungsinstitut Senckenberg, Germany
Steve Brennan, University of New Hampshire, United States
Jorge Brenner, Harte Research Institute for Gulf of Mexico Studies, United States
Paul Brewin, University of California, San Diego, United States
Andrew Brierley, University of St Andrews, United Kingdom
Cheryl Bright, Smithsonian Institution, United States
Monika Bright, University of Vienna, Austria
Richard Brill, NOAA/NMFS NEFSC, United States
Kenneth Brink, Woods Hole Oceanographic Institution, United States
Melbourne Briscoe, Consortium for Ocean Leadership, United States
Temir Britayev, A.N. Severtzov Institute of Ecology and Evolution (RAS), Russia
Christina Brito
Saskia Brix, Forschungsinstitut Senckenberg, Germany
Melissa Brodeur, Consortium for Ocean Leadership, United States
Richard Brodeur, Northwestern Fisheries Service Center, United States
Pamela Brodie, CSIRO Marine Research, Australia
Karin Brohdick, Universitat Oldenburg, Germany
Wiebke Brokeland, Zoologisches Museum, Germany
Wiebke Brökeland (Broekeland), Senckenberg am Meer, Germany
Jim Brooks, TDI Brooks, United States
Karen Brown, Environmental Conservation Service, Environment Canada, Canada
Stephen Brown, National Oceanic and Atmospheric Administration, United States
Darrell Brown, U.S. Environmental Protection Agency (EPA), United States
Joanna Browne, Museum Victoria, Australia
Sandy Bruce, Queensland Museum, Australia
Niel Bruce, Queensland Museum (MTQ), Australia
Marco Bruhn, German Center for Marine Biodiversity Research, Germany
Jean-Pierre Brulport, French Research Institute for the Exploitation of the Sea, France
Daniel Brumbaugh, American Museum of Natural History, United States
Daniel Brumbaugh, University of California/American Museum of Natural History, United States
John Bruno, University of North Carolina, Chapel Hill, United States
Clay Bryce, Western Australian Museum, Australia
Friedrich Buchholz, Alfred Wegener Institute, Germany
Ann Bucklin, University of Connecticut - Avery Point, United States
Nataliya Budaeva, P.P. Shirshov Institute of Oceanology RAS, Russia
Robert Buddemeier, Kansas Geological Survey, United States

Andrea Bueno, Universidad Simon Bolivar, Venezuela
Fabio Bulleri, University of Pisa, Italy
Chris Bullock, University of Rhode Island, United States
Andrea Bullock, University of South Brittany, France
Tim Bulman, InDepth Marine Ltd., Canada
Marco Büntzow (Buentzow), Deutsches Zentrum für Marine Biodiversitätsforschung (DZMB), Germany
Jacqui Burgess, Ministry of Fisheries, New Zealand
Peter Burkill, Sir Alistair Hardy Foundation for Ocean Science (SAHFOS), United Kingdom
Graham Burnett, Princeton University, United States
Michael Burrows, Scottish Association for Marine Science, United Kingdom
Harry Burton, Australian Antarctic Division, Australia
Markus Busch, Heinrich-Heine Universität Düsseldorf, Germany
Somchai Bussarawit, National Science Museum Thailand, Thailand
Somchai Bussarawit, Natural History Museum, National Science Museum, Thailand, Thailand
John Butcher, Griffith University, Australia
Carry Buterbaugh, United States
Alan Butler, CSIRO, Australia
Kevin Butterworth, Torran Consulting, Canada
Doug Butterworth, University of Cape Town, South Africa
Martin Buzas, Smithsonian National Museum of Natural History, United States
Maria-Ines Buzeta, (Retired), Canada
Galina Buzhinskaya, Zoological Institute, Russian Academy of Sciences, Russia
Alexander Bychkov, North Pacific Marine Science Organization, Canada
James Byers, The University of Georgia, United States
Tamsen Byfield, University of Cape Town, South Africa
Ingvar Byrkjedal, Bergen Museum, Norway
Maria Byrne, University of Sydney, Australia
Patricia Cabezas, Museo Nacional de Ciencias Naturales, Spain
Celia Cackowski, University of Rhode Island, United States
John Caddy, Ecoclad Associates, Italy
Matthew Cadwallader, University of Southern Maine, United States
Lizhe Cai, Xiamen University, China
Gregor Cailliet, Moss Landing Marine Laboratories, United States
John Calambokidis, Cascadia Research Collective, United States
John Calder, National Oceanic and Atmospheric Administration, United States
Julian Caley, Australian Institute of Marine Science, Australia
Violeta Calian, University of Iceland, Iceland
Danilo Calliari, Universidad de la Republica Oriental del Uruguay, Uruguay
Paul Callow, Kintama Research Corporation, Canada

Gabriella Calzone, British Museum of Natural History, United Kingdom
David Camp, United States
Emma Campbell, Department of the Environment, Water, and Heritage and the Arts, Australia
Janet Campbell, University of New Hampshire, United States
Lúcia Campos, Federal University of Rio de Janeiro, Brazil
Annabelle Campos, University of the Philippines Visayas, Philippines
Simonepietro Canese, Istituto Centrale per la Ricerca Applicata al Mare, Italy
Gabrielle Canonico, National Oceanic and Atmospheric Administration, United States
Eva Cantoni, University of Geneva, Switzerland
Maria Capa, Australian Museum, Australia
Susan Capes, University of Hull, United Kingdom
Jean Claude Caprais, French Research Institute for the Exploitation of the Sea, France
Juan Cardenas, Fundacion La Salle, Venezuela, Venezuela
Paco Cardenas, University of Bergen, Norway
Frederico Cardigos, Universidade dos Acores, Portugal
David Carlile, Alaska Department of Fish and Game, United States
David Carlson, International Polar Year UNAVCO, United States
James Carlton, The Williams-Mystic Program, United States
Vanda Carmo, Universidade dos Açores, Portugal
Robert Carney, Louisiana State University, United States
David Caron, University of Southern California, United States
Lawrence Carpenter, College of William & Mary, United States
Kent Carpenter, Old Dominion University, United States
Mark Carr, University of California, Santa Cruz, United States
Christina Carr, University of Guelph, Canada
Vicky Carroll, Consortium for Oceanographic Research and Education, United States
Joan Cartes, Centre Mediterrani d'Investigación Marines i ambientals, Spain
Miranda Carver, Department of Environment and Heritage, Australia
Andrew Case, University of Wisconsin, United States
Frank Cassidy, United States
Tonje Castberg, Institute of Marine Research, Norway
Magalie Castelin, Muséum national d'Histoire naturelle, France
Alberta Castelli, University of Pisa, Italy
Julio Castillo, Universidad Simon Bolivar, Venezuela
Mike Castleton, Stanford University, United States
Diana Catarinao, Universidade dos Açores, Portugal
Colleen Cavanaugh
Fabienne Cazassus, University of Cape Town, South Africa
Tomas Cedhagen, University of Aarhus, Denmark

Roland Cellete, Ambassade de France (French Embassy), United States
Rob Cermak, University of Alaska Fairbanks, United States
E. Chaban, Zoological Institute, Russian Academy of Sciences, Russia
Pat Chamut, Fisheries and Oceans Canada, Canada
Tin-Yam Chan, National Taiwan Ocean University, Taiwan
Annapurna Chandrabhotla, Andhra University, India
Dorairajasingam Chandramohan, National Institute of Oceanology, India
Mike Channing, F/V Chasina, Canada
Hansa Chansang, Phuket Marine Biological Center, Thailand
Gauthier Chapelle, The International Polar Foundation, Belgium
Robert Chapman, South Carolina Department of Natural Resources, United States
Peter Charuk, University of Western Sydney, Australia
Anthony Chatwin, The Nature Conservancy, United States
Vishwas Chavan, India
Suchana Chavanavich, Chulalongkorn University, Thailand
Francisco Chavez, Monterey Bay Aquarium Research Institute, United States
Tarik Chekchak, Cousteau Society, France
Yaqu Chen, East Sea Fisheries Research Institute, China
Henry Chen, UTS China Research Center, Australia
Heloise Chenelot, University of Alaska Fairbanks, United States
Georgy Cherkashov, VNIIOkeangeologia, Russia
Anthony Cheshire, Science to Manage Uncertainty, Australia
Mariachiara Chiantore, University of Genoa, Italy
Ben Chicoski, Consortium for Oceanographic Research and Education, United States
John Childers, National Marine Fisheries Services, United States
Richard Chinman, Rutgers University, United States
Penny Chisholm, Massachusetts Institute of Technology, United States
Andrei Chistoserdov, University of Louisiana Lafayette, United States
Stephen Chiswell, National Institute of Water & Atmospheric Research, New Zealand
Cedar Chittenden, University of Tromsø, Canada
Susan Chivers, National Oceanic and Atmospheric Administration, United States
Madhumita Choudhuri, Zoologisches Museum, Germany
Malia Chow, National Oceanic and Atmospheric Administration, United States
Joseph Christensen, Murdoch University, Australia
Villy Christensen, University of British Columbia, Canada
Bernd Christiansen, Universitat Hamburg, Germany
Sabine Christiansen, WWF International, Germany
James Churnside, National Oceanic and Atmospheric Administration, United States
Michel Claereboudt, Sultan Qaboos University, Oman

Stefan Claesson, University of New Hampshire, United States
Andrew Clark, Harris Maritime Communications Services, United States
Malcolm Clark, National Institute of Water and Atmospheric Research (NIWA), New Zealand
Timothy Clark, The University of British Columbia, Canada
Holly Clark, University of Rhode Island, United States
Andrew Clarke, British Antarctic Survey, United Kingdom
Maurice Clarke, Marine Institute, Ireland
Dylan Clarke, University of the Western Cape, South Africa
Cheryl Clarke-Hopcroft, University of Alaska Fairbanks, United States
Peter Clarkson, Scott Polar Research Institute, United Kingdom
Clarence Clay, University of Wisconsin, United States
Jesse Cleary, Duke University, United States
Benjamin Clemens, United States Geological Survey, United States
Shaun Clements, Oregon Department of Fish and Wildlife, United States
Vicki Cochrane, Australian Antarctic Division, Australia
Martin Cocks, University of the Western Cape, South Africa
Mary Alice Coffroth, SUNY Buffalo, United States
Rosalind Cohen, NOAA, United States
Cathy Cole, National Oceanography Centre, Southampton, United Kingdom
Greg Coleman, Australian Institute of Marine Science, Australia
Stephen Coles, Bishop Museum, United States
Bryan Coles, Raytheon Electronic Systems, United States
Patrick Colin, Coral Reef Institute, Palau,
Pat Colin, Coral Reef Research Foundation, Palau, United States
Marta Coll Monton, Dalhousie University, Canada
Bruce Collette, Smithsonian National Museum of Natural History, United States
Jeremy Collie, University of Rhode Island, Bay Campus, United States
Terry Collins, Collins & Associates, Canada
Patrick Collins, Duke University, United States
Alison Collins, The University of British Columbia, Canada
Jocelyn Collins, University of the Western Cape, South Africa
Mary Colreavy, Australian Biological Resources Study, Australia
Marie Colton, National Oceanic and Atmospheric Administration, United States
Robert Colwell, University of Connecticut, United States
Joan Company, Institut de Ciències del Mar, Spain
Chris Condit, San Diego Super Computer Center, United States
Kathleen Conlan, Canadian Museum of Nature, Ontario, Canada
Daniel Conley, Lund University, Sweden
Amelia Connell, New Zealand

Tara Connelly, Memorial University, Canada
Doug Connelly, National Oceanography Centre, Southampton, United Kingdom
Niamh Connolly, European Science Foundation, France
Paul Connolly, Marine Institute, Ireland
David Connor, Joint Nature Conservation Committee, United Kingdom
Judith Connor, Monterey Bay Aquarium Research Institute, United States
Ed Connor, Seattle City Light, United States
Mercedes Conradi, Universidad de Sevilla, Spain
Mireille Consalvey, National Institute of Water and Atmospheric Research (NIWA), New Zealand
Andrew Constable, Australian Antarctic Division, Australia
David Conway, Marine Biological Association of the U.K., United Kingdom
Adam Cook, International Seabed Authority, Jamaica
Elizabeth Cook, Scottish Association for Marine Science, United Kingdom
April Cook, Virginia Institute of Marine Science, College of William and Mary, United States
Peter Cook, United States
Steven Cooke, Carleton University, Canada
Marco Coolen, Woods Hole Oceanographic Institution, United States
John Coon, University of New Hampshire, United States
Andrew Cooper, St. Andrews Biological Station, Canada
Andy Cooper, University of New Hampshire, United States
Robert Cooper, United States
Jon Copley, National Oceanography Centre, Southampton, United Kingdom
Nancy Copley, Woods Hole Oceanographic Institution, United States
Amy Coppenger, Aquarium of the Pacific, United States
Erik Cordes, Temple University, United States
Paulo Henrique Corgosinho, Senckenberg Forschungsinstitut, Germany
Nils Cornelius, China
Peter Cornillon, University of Rhode Island, United States
Astrid Cornils, Alfred-Wegener-Institute for Polar and Marine Research, Germany
Jorge Cortes, Universidad de Costa Rica, Costa Rica
Paulo Costa, Universidad do Rio de Janeiro, Brazil
Daniel Costa, University of California, Santa Cruz, United States
Barbara Costas, Univ. of Connecticut - Avery Point, United States
Mark Costello, University of Auckland, New Zealand
Gladys Cotter, U.S. Geological Survey, United States
Charles Cotton, Virginia Institute of Marine Science, College of William and Mary, United States
Jamie Courneane, University of New Hampshire, United States
Simon Courtenay, University of New Brunswick, Canada
Dominique Cowart, Penn State University, United States

Raymond Cowling, Italy
Martin Cox, Gatty Marine Laboratory, University of St Andrews, United Kingdom
Oliver Cox, Wildlife Computers, United States
Kenneth Coyle, University of Alaska Fairbanks, United States
Michael Coyne, Seaturtle.org, United States
Jessica Craig, University of Aberdeen, United Kingdom
Maureen Crane, Consortium for Ocean Leadership, United States
Kathy Crane
Gary Cranitch, Queensland Museum (SB), Australia
Phillippe Crassous, French Research Institute for the Exploitation of the Sea, France
Mike Craven, University of Tasmania, Australia
John Crawford, Conservation Law Foundation, United States
Ian Cresswell, CSIRO, Australia
Edward Cripps, University of Western Australia, Australia
Darlene Crist, Crist Communications, United States
Javier Cristobo, Instituto Español de Oceanografía, Spain
Francisco Javier Cristobo Rodriguez, INSTITUTO ESPAÑOL DE OCEANOGRAFÍA, Spain
Daniel Crocker, Sonoma State University, United States
Don Croll, University of California Santa Cruz, United States
Thomas Cronin, United States Geological Survey, United States
Alain Crosnier, Museum National D'Histoire Naturelle, France
Glenn Crossin, The University of British Columbia, Canada
David Crossman, Australian Institute of Marine Science (AIMS), Australia
Larry Crowder, Duke University, United States
John Croxall, BirdLife International, United Kingdom
Manuel Cruz, Instituto Oceanográfico, Ecuador
Juan Jose Cruz Motta, Universidad Simon Bolivar, Venezuela
Fiona Cubitt, UBC/DFO Centre for Aquaculture and Environmental Research, Canada
Marina Cunha, Universidade de Aveiro - CESAM, Portugal
Cliff Cunningham, Duke University, United States
Daniel Curran, NOAA/NMFS PIFSC, United States
Trent Cusator, Kintama Research Corporation, Canada
David Cushing, Marine Biological Laboratory, Lowestoft, United Kingdom
Daphne Cuvelier, Universidade dos Açores (Azores), Portugal
Edward Cyr, National Oceanic and Atmospheric Administration, United States
Ned Cyr, National Oceanic and Atmospheric Administration, United States
Belia da Boncecei cao Jelisberto Macamo, Universidade Eduardo Mondlane, Mozambique
Ermininda da C. Guerreiro Couto, Universidade Estadual de Santa Cruz, Brazil
Maria da Siva, Universidade Federal de Pernambuco, Brazil

Nick D'Adamo, Intergovernmental Oceanographic Commission (IOC), Australia
Margarita Dadykina, Russian Academy of Sciences, Ural Branch, Russia
Thomas Dahlgren, University of Göteborg, Sweden
Jihong Dai, University of Georgia, United States
Andy Dale, The Scottish Association for Marine Science (SAMS), Scottish Marine Institute, United Kingdom
Gavin Dally, Museum and Art Gallery Northern Territory, Australia
Penelope Dalton, University of Washington, United States
Kendra Daly, University of South Florida, United States
Bruno Danis, Royal Belgium Institute of Natural Sciences, Belgium
Ali Daniyal, Dalhousie University, Canada
Roberto Danovaro, Polytechnic University of Marche, Italy
H. Lee Dantzler, National Oceanic and Atmospheric Administration, United States
Eva Danulat, University of Hamburg (Universität Hamburg), Ecuador
Donna Darm, NOAA/NMFS NWFSC, United States
Udomsak Darmut, Walailak University, Thailand
Gérald Darnis, Université Laval, Canada
Anindita Das, National Institute of Oceanography, India
Patrick Dauby, Université de Liège, Belgium
Francis Daunt, Centre for Ecology & Hydrology, United Kingdom
Bruno David, Université de Bourgogne, France
Trevor Davies, Dalhousie University, Canada
Randall Davis, Texas A & M University, United States
Ruslan Davydov, Russian Academy of Sciences, Ural Branch, Russia
Paul Dayton, University of California, San Diego, United States
Claude De Broyer, Royal Belgian Institute of Natural Sciences, Belgium
Taco de Bruin, Royal Netherlands Institute for Sea Research, Netherlands
Fanny de Busserolles, The University of Western Australia, Australia
Annelies De Groote, University of Gent, Belgium
Jackleen De La Harpe, United States
Thomas de Lange Wenneck, Institute of Marine Research, Norway
Jan de Leeuw, The Royal Netherlands Institute for Sea Research (NIOZ), Netherlands
Ilsa de Mesel, University of Gent (Universiteit Gent), Belgium
Jean De Pomereu, International Polar Foundation, Belgium
Chantal De Ridder, Université Libre de Bruxelles, Belgium
